

MODERNIZATION'S BENEFITS: AN OVERVIEW

Propelled by modern technology and an enhanced focus on safety, the Refinery Modernization Project will increase energy efficiency, protect the environment and create local jobs. The \$90 million Environmental and Community Investment Agreement (ECIA) will be implemented by the City of Richmond. For more information about the programs under the ECIA, contact the City of Richmond at 510-620-6512. This infographic illustrates a few ways a modernized refinery will benefit the community we share.

BUILDING THE LOCAL WORKFORCE

1,000

LOCAL CONSTRUCTION JOBS

1,300

ADDITIONAL RELATED LOCAL JOBS

SIGNIFICANT STEPS TO PROTECT THE COMMUNITY

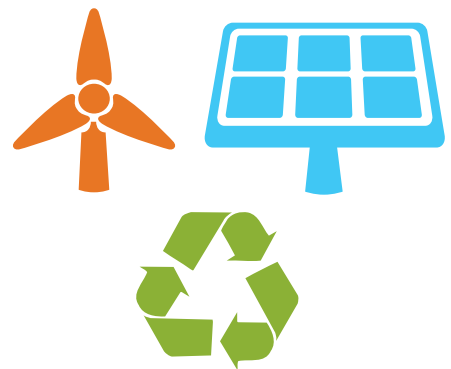

Source: EIR pages 4.13-101; 4.13-102; 4.13-130; A4.13-REL-5.

A LONG-TERM ENVIRONMENTAL INVESTMENT

\$30,000,000

TO FIGHT CLIMATE CHANGE
AND CREATE GREEN JOBS

Source: EIR page 3-34.

CLEANER SKIES AND BETTER AIR QUALITY

Annual NO_x reductions equivalent to removing over

11,000

cars from Richmond streets

Source: EIR page 4.3-85.

Annual PM₁₀ reductions
equivalent to removing

172

big rig trucks from the
Richmond Parkway

Source: EIR pages 4.0-11; 4.0-14; 4.0-33.

**RICHMOND
PROMISE
PROGRAM**
\$35 MILLION

Funding will provide scholarship money for Richmond residents seeking a college education or vocational training. The City of Richmond is developing guidelines and eligibility requirements. Learn more at www.richmondpromise.org.

JOB TRAINING
\$6 MILLION

Funding will support job training and readiness programs and transition training to help residents prepare for jobs on the modernization project, in refinery operations or in the emerging field of renewable energy.

**PUBLIC SAFETY
PROGRAMS**
\$2 MILLION

Funding will sustain critical public safety programs in Richmond including the Youth Academy, Explorers, the CCTV cameras and others.

**FREE INTERNET
ACCESS**
\$1 MILLION

Free internet access will be provided for residents in refinery fenceline neighborhoods to ensure they have access to data from the Richmond Community Air Monitoring Program and other resources.

**\$90
MILLION**
Over 10 Years

**GREENHOUSE
GAS REDUCTION
PROGRAMS**
\$30 MILLION

Funding will support programs to reduce greenhouse gas emissions, promote alternative and zero emission methods of transportation and help implement the City of Richmond's Climate Action Plan and other programs.

SOLAR ONE
\$10 MILLION (LAND VALUE)

Chevron is providing access to 49 acres of refinery land for MCE Richmond's Solar One farm, which is made possible in part by Deep Green 100% renewable energy customers who support local renewable development.

COMPETITIVE GRANT PROGRAM
\$6 MILLION

Funding will support community programs and nonprofit organizations focused on youth and youth sports, health equality, senior citizens and education.
