REGIONAL OCCUPATIONAL PROGRAM (ROP)

Contra Costa County Office of Education
 in Partnership with Chevron

Industrial Maintenance
 Mechanic (IMM)

and

Process Plant Operator
 (PPO)

Contra Costa County Office of Education ROP is accredited by the Western Association of Schools and Colleges.

ROP, in compliance with federal law, does not discriminate on the basis of race, religion, national origin, gender or disability.

Public Notice

The Contra Costa County Office of Education has a uniform complaint process as required in the Code of Regulations, Title 5, 4622, COE Board Policy 1312.3(a). The Associate Superintendent of Human Resources is designated as the compliance officer. A copy of the policy is available in the ROP Administration Office. The policy provides for mediation or investigation, presentation of additional relevant information, finding, and appeals as appropriate.

EXPERIENCE. EDUCATION. OPPORTUNITIES.

The Chevron/CCCOE ROP courses help prepare students for a job in the petrochemical and related industries. Students will learn the basic processes and equipment common to the industry. The courses also help develop strong communication and teamwork skills, and job safety is emphasized throughout.

Industrial Maintenance Mechanic (IMM)

Classes Start: January and July

Sessions: One class session per day (Monday - Thursday).

Either 1:00 p.m. - 5:00 p.m.
or 6:00 p.m. - 10:00 p.m.

Class Length: 80 days

Cost: None

Course: The IMM course will help students prepare for an entry level maintenance/mechanic job in the petrochemical and related industries.

Curriculum includes:

- Shop and Field Safety
- Plant Processes and Equipment
- Communication and Teamwork
- Hand and Power Tools
- Basic Welding and Pipefitting
- Industry-related Math and Science

Process Plant Operator (PPO)

Classes Start: January and July

Sessions: One class session per day (Monday - Thursday).

Either 1:00 p.m. - 4:00 p.m.
or 6:00 p.m. - 9:00 p.m.

Class Length: 80 days

Cost: None

Course: The PPO course will help students prepare for an entry level operator job in the petrochemical and related industries.

Curriculum includes:

- Job Safety
- Plant Processes and Equipment
- Communication and Teamwork
- Piping and Heating Systems
- Instrumentation
- Industry-related Math and Science

How to Participate

All interested students should attend an informational session to learn about the ROP courses and related careers. Information will be presented about the enrollment process and required assessment.

Go to the website below for details about dates/times/location of the Information Sessions.

www.cccoe.net/rop/signup

Students must meet the following criteria:

- At least 18 years old
- Possess a high school diploma or GED
- Pass a basic math and reading comprehension assessment
- Have a valid CA driver's license
